Routes in the natural environment of Estellencs

Heritage, tradition and nature make estellencs a place in the Serra de Tramuntana that truly must be visited. Within this environment, still has that touch of adventure, offering a territory full of hiking routes and assets combined with Good quality establishments.

Cala Estellencs is a small cove where you can appreciate the beauty of this coastline eroded by the force of the waves, as well as the “escars”, refuges for traditional fishing boats.

The combination of town and nature, marked by the closeness of the sea and mountains, helps us to get to know Estellencs, enjoying the experience and savouring the history, culture and nature that reflect the true essence of Tramuntana.

Family walk

This route starts at the parking area located on Carrer de Eusebi Pascual. The forest track that gives access to the public estates of Son Fortuny and Sa Coma d'en Vidal will lead us to Ma-10 road which continues until Coll des Pi, sharing the route with the GR221.

The route continues to be shared until GR221 diverts to Serra des Pinotells and our track makes a twist through Camí de Carretera Vella to join the GR again, following the same way through GR221 before the twisting, to go back to Estellencs.
